Noha --

I've addressed your questions in the revised report attached below. Re the question pertaining to Dimock, the region had notified the first 11 homeowners re their sampling results a few weeks ago. Last week, the region began notifying the next 20 homeowners who had been sampled...and the meetings with these residents will continue into next week, according to the homeowners' schedules. Once we have reached out to the current 20 homeowners, the region will begin the third phase of notifying the next round of homeowners. I hope this helps -- if you still have questions, please ask - thanks.
joan

Hi Joan,
For the RA events, please indicate which ones are public meetings and whether or not they are open to the press.

For the Dimock update: is this the last of date to be shared with home-owners?

Thanks,
Noha
